

Chipworks Joins Intel, Microsoft, Philips Electronics, and Kenyon, on IPBC Global 2015 Panel, “Validity is King”

Chipworks President, Julia Elvidge, will share insights as she moderates an esteemed panel of experts at IPBC Global 2015, in San Francisco, June 15 at 4 p.m.

OTTAWA, ONTARIO, CANADA, June 10, 2015 – Chipworks, the patent and technology partner to the world's most successful companies, today announced that Julia Elvidge, president of Chipworks, will share insights and moderate one of the featured panels at IPBC Global 2015, “Validity is King.” The session brings together five of the world’s leading IP experts to examine how the implementation of the America Invents Act and a series of court rulings, like the *Alice* decision, have changed the U.S. IP litigation landscape. The panel will take place Monday, June 15 at 4 p.m. at the Palace Hotel, in San Francisco, Calif.

“It is an honor to have the opportunity to share ideas with this respected group of industry leaders as we discuss the important changes in the United States IP litigation landscape and their impact on both plaintiffs and defendants,” said Julia Elvidge, president of Chipworks. “By examining court rulings like the *Alice* decision, in the context of new laws and other court actions, we hope to provide attendees with new strategies that help them succeed in changing times.”

Participants in the “Validity is King” panel include:

- Julia Elvidge, President, Chipworks
- Laurie Gathman, Principal IP counsel, Philips Intellectual Property & Standards
- Dana Hayter, Vice President, Legal and Corporate Affairs and Associate General Counsel, Technology Licensing, Intel
- Michael Lennon, Partner, Kenyon
- Micky Minhas, Chief Patent Counsel, Microsoft

IPBC Global is the world’s pre-eminent gathering of senior IP business decision makers, specifically designed to meet the needs of a high-level delegate base that understands intellectual property is one of the pivotal business assets of the 21st century. The event will be held June 14 - 16, 2015.
