

# Put our massive repository of technical data and analysis to work for you.

## TECHNICAL DATA AT YOUR FINGERTIPS

Inside Technology puts years of technology intelligence at your fingertips. Whether you're looking for credible, court-defensible evidence of use to support your IP strategy or in-depth competitive technical intelligence to boost design wins, Inside Technology delivers the data, reports, images, and analysis you need — 24/7.

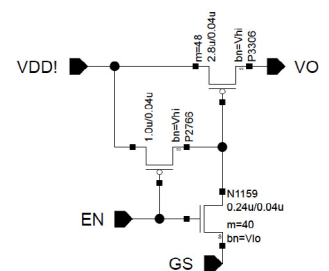

## DEPTH AND BREADTH OF DATA

Our teardown data combined with our analysis data offers a technical database that is unrivalled. Depending on your subscription level, you will have access to:

- Package Images
- Die Markings
- Basic Teardown Reports
- Product Inventory
- Die Photos
- Scanning Electron Microscope (SEM) x-sections
- Scanning Capacitance analysis
- Materials Analysis
- Transmission Microscope (TEM) x-sections
- Circuit Schematics

## EASY ACCESS TO DATA

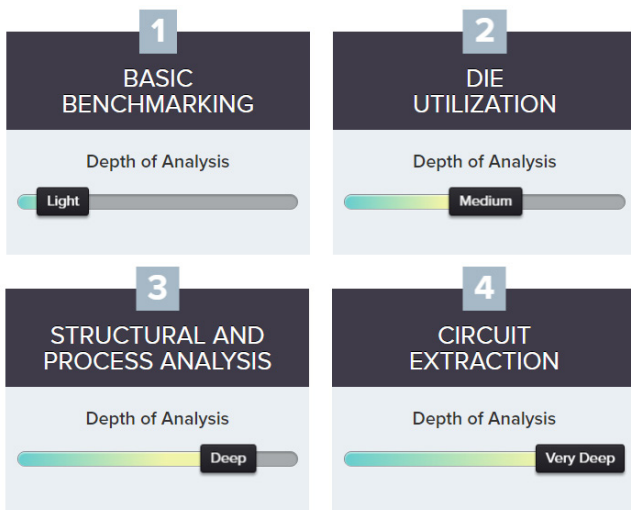

Inside Technology simplifies and streamlines the search process, helping you find the information you're looking for quickly and easily. It draws on Chipworks' database of rigorous, internationally respected analysis of market-leading technologies. You have access to technical data on over 15,000 devices sourced worldwide.

## TECHNOLOGY REPORTS

Chipworks technology reports are exhaustively researched and our findings are reported in standardized, easy to read report formats that maximize the amount of useful information.

Each report goes as deep as required to document the innovation with an appropriate level of detail.

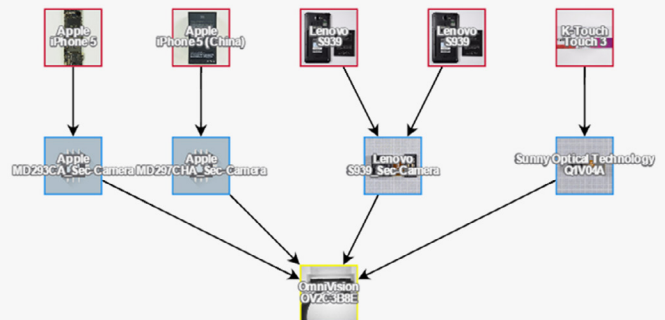

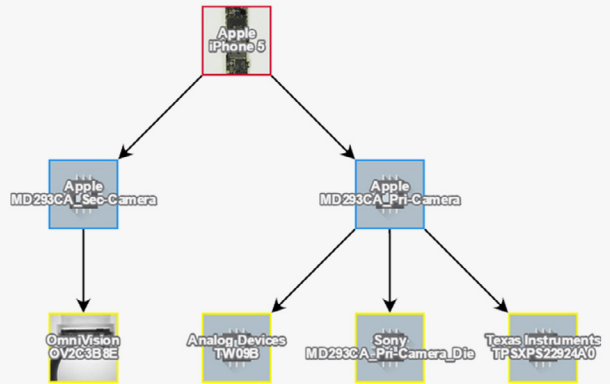

## REGULAR UPDATES

Our labs analyze, on average, 2 products per day and this analysis is uploaded to our database regularly. Inside Technology allows you to set alerts so you will be notified when new data arrives. **This is not just any data, but data that is focused specifically on your interests or products.**

## PARENT-CHILD RELATIONSHIPS

Inside Technology offers unique, detailed hierarchical genealogy trees that allow you to quickly and easily see who has won a socket in a specific product and where else you can find devices.

For over 20 years, Chipworks has been a trusted patent and technology partner to the world's largest and most successful companies. Business leaders rely on us to help them identify and fully leverage their most valuable patents and provide crucial analysis of high-revenue products in the most competitive, fastest changing technology markets.

By combining deep patent and market knowledge with an unmatched ability to analyze the broadest range of technology products we are able to provide the most insightful Patent Intelligence and Competitive Technical Intelligence services in the industry.
